Short statement giving reasons for wishing to participate in FoES Board and skills and expertise that the candidate will bring:

I am a lecturer in climate and sustainability at the University of Edinburgh, working on accelerating and scaling up just transition in Scotland, the UK, and globally. Focusing on sustainability and communication, I have lived and worked in over a dozen countries in the last 20 years, including Taiwan, Indonesia, Austria, and Switzerland. This journey has taught me that listening, and putting aside pre-conceptions, are essential building blocks for transition to a sustainable future.

As a child, feeling deeply bounded with nature, Friends of the Earth strongly contributed to my awareness of environmental activism. I would be honoured to join the board of Friends of the Earth Scotland, and work together for a just and sustainable future.
